Allegations against rocket league streamer PiqaRL from anonymous chud:

Spoiler: Allegations

This retarded german Zealot even offered to 200 EUR to buy a cumjar from a 14yr minor.
And then in another case, he solicited pics, dmed disgusting shit and even said that he "creamed his bed" TO A 13 year old.

I love bibisi/piksy is his grooming ring.

He advertises his server with femboy pornographic shit and then says the server is "+13 and safe" only...

I am also sending screenshots of adults either talking about a minor in the server in a sexual way or outright confessing to dating one.

How you can help:

1. Click on the discord invite and join
2. Report the discord
3. Leave

Edit: I can't join the server, and it doesn't seem it's because I'm a fresh account but because the owner most likely DFE'd
